During a recent visit to St. Michael the Archangel Church, a parish known for its commitment to the poor and marginalized in the outskirts of Rome, Pope Francis reflected on the themes of teaching and healing, and challenged the faithful: "Let Jesus preach to you, and let Jesus heal you. We are all wounded. Everyone." In this time of Lent and renewal, let us be open to the word of Christ in our hearts. By doing so we will be able, in turn, to spread His word and help heal the wounds of many others. May God bless you.
