Custody and Creation: Exploring the intersection of faith & the environment

NET TV presents CUSTODY + CREATION, a moving documentary which follows scientists, theologians, and the passionate people behind local causes taking on the issues of pollution, energy, and what Pope Francis has called the "disposable culture." It challenges the status quo as a way to encourage creating more reverence for our planet.

Annually the Season of Creation is celebrated by Christians who pray and act to protect the Earth. For more information, please visit seasonofcreation.org
